

NOTICE TO INDUSTRY:

Based on interaction with industry, the Government is re-stating the following information regarding EAGLE requirements:

EAGLE requirements ARE NOT limited to the operation of DOL facilities. The following requirements will not be included in any EAGLE Task Order:

- Plans and operations.
- Central Travel Office services
- Staff augmentation
- Information Technology services
- Facilities maintenance or construction
- Aircraft maintenance

The following information is provided as general information:

- Step Two of the EAGLE acquisition process will be to award BOAs to all qualified offerors based upon an acceptable rating of the Government's requirements as outlined in the RFP. Step Two does not restrict the numbers of BOA holders.
- EAGLE Task Orders will be awarded as follows:
 - CONUS Installation Logistics requirements valued at \$1M or less will not be procured under EAGLE BOAs but will be executed by the local installation logistics contracting office.
 - CONUS Installations annual requirements valued at more than \$1M and less than \$35.5M will be a Small Business Set-Aside awarded through ACC-RI.
 - CONUS Installations annual requirements valued at more than \$35.5M will be awarded by ACC-RI to large business when it is determined that offers will not be obtained from at least two responsible small business BOA holders at a fair market price.
- A determination of viability under Step One does not mean that an offeror will necessarily be awarded a BOA under Step Two.
- Receiving an EAGLE BOA **does not guarantee an EAGLE Task Order award under Step Three.**
